

Welcome to 3RP!

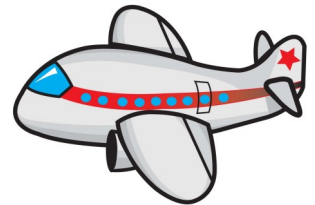

Dear new class member,

I hope you are excited to start your new learning journey at Westfields Junior School! Are you ready to explore London or jet off to

the far off land of Japan? Have you ever wondered what life was like in the Stone Age or Ancient Egypt? This is just a selection of the amazing topics that we will learn about together during Year 3!

In September, I am looking forward to hearing about what adventures you went on during the holidays. Hopefully you will have some pictures and stories to share with us! I am visiting the beautiful island of Menorca, training for the Yorkshire Three Peaks Challenge and running the Yateley 10k.

During the summer holidays, I enjoy taking the time to relax and read a range of books. Perhaps you could do the same by participating in either the Yateley Library Reading Challenge or our own reading challenge 'Caught Reading' and have a picture taken of you in the most interesting place you can find. The summer is also a great time to continue practising your number bonds and times tables so that we can make a flying start to our Magicians' Guild!

Have a wonderful and safe holiday and I look forward to meeting you again on Tuesday 4th September.

Kind regards,
Miss Porter
