

Welcome to 4TR

Dear new class member,

I am very excited to be able to warmly welcome you to your new class, 4TR. I am

really looking forward to this year as it's my first at the school and we have got so much to look forward to! To give you a bit of a taster, we will be hopping into our time machines and travelling back to meet some 'Groovy Greeks' as well as learning all about the 'Rotten Romans'. We will also become 'Water Experts' and you will learn exactly why it rains and how it ends up trickling down our windows.

I am sure you have some exciting plans for the summer. Me too! I am going on holiday to France to enjoy the beaches and the beautiful lakes and hey, I may even pick up some ideas for our water topic! Of course, I will also be getting our classroom ready for the new term to make sure it is looking lovely for when you all arrive. I am sure you will have lots to share when we come back to school in September. If you have the time, it would be great if you could take the opportunity to do a little extra reading (I absolutely love reading on holiday). You could also spend some time practising your times tables ready to show off when you start Year 4. If you happen to be visiting Greece or Italy, it would be amazing if you could bring back any ancient clues about the Greeks or the Romans.

Have a brilliant summer holiday and stay safe. I look forward to seeing you on Tuesday 4th September!

Kind regards,
Mr Ratcliffe
