

Welcome to 5DC

Dear new crew member,

Welcome aboard the 'Starship 5DC' ready to depart on 4th September 2018 for a year long interstellar tour of the galaxy! During our tour ,we will explore the wonders of space before time travelling back in time to the Anglo–Saxon and Viking period. A close up scan of the Earth will also allow us to understand the magnificence of volcanoes.

I am sure that you are all looking forward to a fun filled and action packed summer break: time to recharge your batteries and relax. I will be holidaying in Greece, having a holiday on the rocks – literal rocks as there are lots of monuments and historical sites for me to visit! If you have any spare time or moments of boredom, please take the opportunity to do a little extra reading and find out about some of the topics we will be studying next year. You could also keep practising any mental maths facts (e.g. times tables, division facts, multiples, factors etc.) so that we can blast off into the new year with your mental fluency.

I am excited about our learning journey together, from what I hear from Miss Cornall, you are a class that love school and want to learn as much as Possible which is a brilliant start!

Have a super break and stay safe. See you on Tuesday 4th September raring and ready to go!

May the force be with you...

Kind regards,

Mr Chaplin
