

Welcome to 5RM

Dear new class member,

Are you ready to continue your exciting learning journey at Westfields? Do you want to learn about the Vicious Vikings, or find out exactly what an earthquake is and why it is so dangerous? Fancy delving into new and exciting writing topics

like flashbacks and Shakespeare's eerie Macbeth? Ever wondered about the stars and planets and why Mr. Chaplin is quite so obsessed with astronomy? Well... Welcome to Year 5!

I started in Year 5 last year and having taught all of our thrilling topics already, I know you are going to love the fantastic learning we have planned for you! As part of the upper school, you'll begin to have more opportunities to take on greater responsibilities as well as being expected to set an example of excellent attitudes towards your learning for the children in Year 3 and 4. From what Mrs. Wilson and Mrs. Dutton have told me, you won't let me down!

I hope you have some exciting things planned for your summer holidays, but I also hope you get a long relaxing break to help you recharge those brain cells for when you return in September! I am going to be moving into a new house in August, saying farewell to my sister, who is moving to New York for two years, and of course, I will be getting our classroom ready for the new term!

I am looking forward to hearing all about your holiday adventures when you return in September. I would absolutely love it if you kept up your reading over the summer; Yateley Library have an exciting 'Summer Reading Challenge' which you could take part in! Don't forget to keep practising those times tables facts too; it will give you a great head start in Year 5!

I am looking forward to getting to know each and every one of you and I hope you are excited about all of the learning opportunities that are ahead of you!

Enjoy your holiday!

Kind regards,

Mr. Medwell
