

## Welcome to 6HP

Dear new class member,

Are you looking forward to an exciting final year at Westfields Junior School? Are you thirsty for learning and daily opportunities to challenge yourself? If so, welcome to 6HP!

I am extremely excited about all of the new learning opportunities and experiences we will have together as a class. Do you want to bake carrot cakes, participate in a tea dance and act as evacuees during the war? These exciting opportunities are part of our first History topic all about World War II and the impact this conflict had on our country.

During the summer holiday, I am going to be flying to sunny Israel to spend time with my friends and family. While I am there, I will be exploring the sights with my daughter, going on day trips to the seaside and spotting animals at the safari park! I hope that you have exciting plans for days out during the holiday too.

It would be fantastic if you used some of your time during the summer break to take the opportunity to read a few books and spend some time practising mental maths facts so you will have a head start in the new academic year!

Have a splendid summer holiday and I am looking forward to getting to know each and every one of you in September.

Kind regards,

Mrs Parker
