

## Welcome to 6LB!

Dear new class member,

I am so delighted to welcome you to your final class here at Westfields - 6LB! Together, we are going to take a thrilling new learning journey where we will jump back in time to World War II, as well as explore mountains, coasts and North and South America! We will also study our local area which will involve designing a moving shop window. These are only a few examples of the fantastic learning you will experience.

I am really looking forward to be moving back to Year 6 – I know there is so much to look forward to in terms of your learning and the extra-curricular activities. The Year 6 play and the residential trip to Mill Rythe will be particular highlights! Having heard such wonderful things about you all from Miss Taylor (and now that you are at the top of the school!) I know you will be outstanding role models for all the other year groups who will look to you for guidance – how exciting!

Like most of the pupils and teachers here, I am sure you are looking forward to your summer holidays. I hope you have lots of incredible things in store for your time away, but that you also take time to rest, relax and recharge in time for September. Do also make sure you keep up your reading and practise your maths fluency skills; this will put you in the best position for starting Year 6.

I will be spending some time down by the coast in Devon, where I will be trekking up and down the many hills and coastal paths, as well as attempting some pottery painting! Of course, I will also be making sure your classroom is ready for when you all return in the new term.

I have no doubt you will also have lots of news to share when we meet again in September – I can't wait to hear what you have all been up to! All that is left to say is have an absolutely brilliant and fun-filled summer, and I will see you ready and rearing to go at the start of the new term!

Kind regards,

Miss Barrand
