

Welcome to 5DC

Dear new crew member,

Welcome aboard the 'Starship 5DC' ready to depart on 5th September 2019 for a year long interstellar tour of the galaxy! During our tour ,we will explore the wonders of space before time travelling back in time to the Anglo–Saxon and Viking period. A close up scan of the Earth will also allow us to understand the magnificence of volcanoes.

I am sure that you are all looking forward to a fun filled and action packed summer break: time to recharge your batteries and relax. I will be holidaying in Scotland, Iceland and Norway having a holiday on the rocks – literal rocks as there are lots of Norse monuments and historical sites for me to visit, as well as active volcanoes to explore! If you have any spare time or moments of boredom, please take the opportunity to do a little extra reading and find out about some of the topics we will be studying next year. You could also keep practising any mental maths facts (e.g. times tables, division facts, multiples, factors.) so that we can blast off into the new year with your mental fluency.

I am excited about our learning journey together, from what I hear from Miss Cornall, you are an enthusiastic class and want to learn as much as Possible which is a brilliant start!

Have a super break and stay safe. See you on Tuesday 5th September raring and ready to go!

May the force be with you...

Kind regards,
Mr Chaplin
