

Welcome to 4RM

Dear new class member,

Are you ready to continue your exciting learning journey at Westfields? Do you want to get groovy with the Greeks or revolting with the Romans? Fancy delving into new and exciting writing topics like Myths and Legends and Nonsense Poetry? Ever wondered how rivers are formed and what on Earth a 'water cycle' is? Well...Welcome to Year 4!

You might already know me from being a class teacher in Year 5 and 6 but from this September I am going to be in Year 4 as the new team leader! I am extremely excited to start our learning journey together, where we will be able to find out about our exciting topics! Now you are in Year 4, you'll begin to

have more opportunities to take on greater responsibilities as well as being expected to set an example of excellent attitudes towards your learning for the children in Year 3. From what Mrs. Courtney has told me, you won't let me down!

I hope you have some wonderful things planned for your summer holidays, but I also hope you get a long relaxing break to help you recharge those

brain cells for when you return in September! I am going to be moving into a new house in August, travelling on holiday to Northern Ireland, and of course, I will be getting our classroom ready for September! We are

extremely lucky as we will be in the brand new classrooms in the Hive (I had to persuade Miss Redman very hard to let us have one of those lovely, sparkly classrooms!).

I am looking forward to hearing all about your holiday adventures when you return in September. I am expecting you to keep up your reading over the summer; Mrs Long has created an excellent 'Summer Reading Challenge' for you to take part in! Don't forget to keep practising those times tables facts too up to 12 x 12; it will give you a great head start in Year 4!

I am looking forward to getting to know each and every one of you and I hope you are looking forward to all of the learning opportunities that are ahead of you!

Enjoy your holiday!

Kind regards,
Mr. Medwell
