

6th September 2019

World War II Creative Day
Monday 16th September

Dear Parents,

On Monday 16th September, we have a fantastic Creative Day planned for the Year 6 children to immerse them into what life was like in Britain during the war. During this event, the children will partake in a variety of themed activities including ration cooking, 1940s dancing and a 'life as an evacuee' drama workshop. To end this exciting day, we will be holding a 1940s tea dance celebration and enjoying our delicious, home-made ration cooking.

To help get us in the mood, we would love for the children to dress up in war-time, British costumes. It should be stress free and fun and we will share some ideas at school for anyone who is stuck! This could include: dressing up as an evacuee, any position from the Royal Army, Navy or Air Force or even being part of the home-front. It does not need to be costly as many options, including being part of the land army or an evacuee, can be created using clothes from home.

As mentioned in Miss Redman's newsletter, we are no longer asking for contributions at various points throughout the year for these extracurricular activities. Instead, we are requesting a one off voluntary donation of £10.00 to cover costs of enrichment activities like this one. This can be paid online via SCOPAY or the School Office.

We are all very excited about this upcoming event and look forward to seeing the children in their costumes.

Kind regards,

Mrs Long
Year 6 Team Leader
