# Our School Dog... Dexter's News!

March 2020 - Post No.2

Hello again, I hope you are all well?! I just wanted to share some more of my news to keep you up to date... This month has been a bit of a funny one as although I am having a wonderful time being the biggest celebrity at WJS it seems to have become very quiet in recent weeks and I am missing seeing all of your faces and hearing all of your noise!

However, I must firstly start by telling you all about the adoration and fuss I got when I attended Parents' Evening at the beginning of this month. I absolutely loved all of the compliments; although in the end I did have to take a nap (despite the volume of visitors!) as it had all been rather exhausting! Here I am snoozing with parents and children trooping past me...

I have also been spoilt getting to know some special new friends and I have discovered that I am a big broccoli fan (the toy, not the vegetable!) In fact I have played with this toy so much I've broken its squeak! I attended my very first School Council Meeting and found out all about what they do and how it is run —but I do think I may have been a bit of a distraction compared to their usual meetings! Speaking of attending special events, I went to the whole school Science Week Celebration where Mr Chaplin asked children to share all the scientific learning the classes had enjoyed. It was very exciting but Mrs Wilson's lap was also very warm and with all the long scientific words, I did drop off to sleep towards the end - oops!

While there have been less children in school I have been out and about exploring the school grounds and you certainly are very lucky to have so much open space. I particularly like eating any leaf or twig I can get to, but Miss Redman says these will give me tummy ache and I'm better off sticking to my food and treats!

I am looking forward to seeing you all soon, take care!

Love,

Dexter 🐾
