Phileas Fogg's Around the World Challenge

Dear Parents,

Following the successes of our Christmas and Easter Fitness Challenges, we are excited to inform you about our Phileas Fogg's Around the World Challenge for your child to complete during the summer holiday if they wish.

Each week of the summer holidays represents a section of the journey that Phileas Fogg completed on his journey around the world. Attached to this letter, you should also have received a grid that children can tick or colour in once they have completed a minimum of 60 minutes of physical activity each day. This could include walking, running, cycling, scooting or even swimming. Once completed we would appreciate these forms being handed in on Monday 7th September 2020 to your child's new class teacher. This will enable us to collate our results and create a 'Globe of Fame' that will include each child's name who participated in the challenge.

We hope that you have an enjoyable, sport-filled summer with your families and enjoy our challenge.

Thank you for your continued support.

Kind regards,

Ruth Porter
