

Phileas Fogg's Around the World Challenge!

Phileas Fogg was a traveller who claimed that he could travel the world in 80 days. He visited many different cities across the globe using a variety of transports. Over the summer holidays we have set you the challenge of visiting these places. Each day that you walk, run, cycle, scoot or swim we would like you to colour in a city. How many cities will you visit before we come back to school? You should bring your completed sheets into school and hand them to your new class teacher on **Monday 7th September**. Everyone who participates will have their name on our Globe of Fame!

		M	T	W	Th	F	S	S
Week 1	London— Suez							
Week 2	Suez— Bombay							
Week 3	Bombay—Calcutta							
Week 4	Calcutta— Hong Kong							
Week 5	Hong Kong— Yokohama							
Week 6	Yokohama—San Francisco							
Week 7	San Francisco— New York
