

## Our School Dog... Dexter's News!

**March 2021 - Post No.14**

Judging from my photographs this month, Spring has finally sprung (or at least it has begun to as there have still been some rather chilly days!) I have certainly done my very best to find any patch of sun that I can and enjoy it; Miss Redman is always saying how important fresh air and vitamin D are—so I've been making the most of the sun whenever I can!

We have not been able to carry on with 'Dexter's Walking Buddies' for a while so we have adapted it a little. Miss Redman says it's so the children get to see me a little bit more but I think she just likes wearing me out so that I sleep peacefully in the afternoon! Either way, I have absolutely loved my new lunchtime activity of racing individual children the length of my pen! As you can see from this photograph we are pretty well matched in terms of speed - sometimes I win, and other times, the children win but it is always lots of fun! I particularly love all of the cheering and how cute everyone says I look when my ears flap when I'm running at such great speed.

As you know from previous blogs, I do spend two days each week at home so I thought I would share this rather gorgeous photo of me making myself useful on one of my lunchtime walks - I think I'd make a great postman and maybe if I wasn't a school dog, that's what I could be—red is **so** my colour!

I also just had to share this rather atmospheric snap of me on one of my evening walks with Miss Redman - we have recently found this corn field and I really enjoy exploring here but just look at the light, the setting sun is absolutely beautiful and I don't look too bad either?!

I hope you are all looking forward to the Easter holidays and that you follow my lead in getting some daily exercise and fresh air but be sure to stay safe too. Have a lovely break and I will look forward to seeing you all in the Summer term - wow time flies!

Love,

Dexter
